Purchase TuneCable Spotify Downloader for Win

Quick Link:

To learn more and download the latest version of TuneCable Spotify Downloader for Windows, please visit its homepage:

- ❖ <https://www.tunecable.com/spotify-downloader/>

To buy a license key for TuneCable Spotify Downloader for Windows, please visit its online store:

- ❖ <https://www.tunecable.com/spotify-downloader/order.html>

1. Why should I buy the Windows version of TuneCable Spotify Downloader?

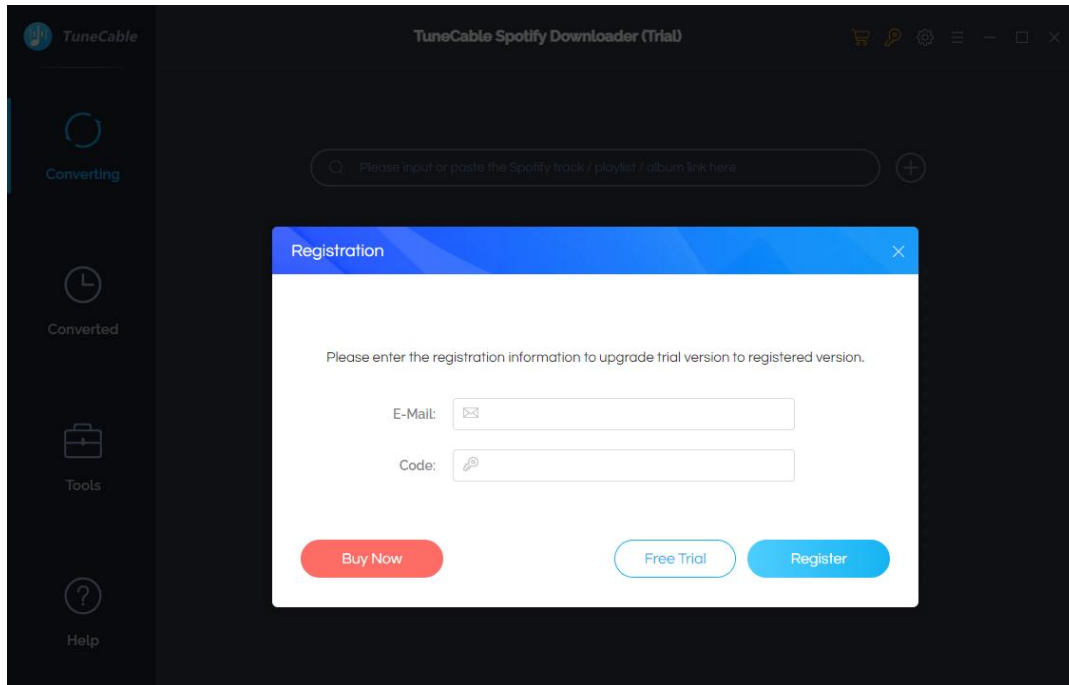

TuneCable Spotify Downloader Windows version is a shareware. The trial version only allows you to convert the first 3 minutes of each audio for sample testing. After purchasing the program, you will be provided with a license with your user ID and key code to unlock this limitation.

2. What benefits do I have after registration?

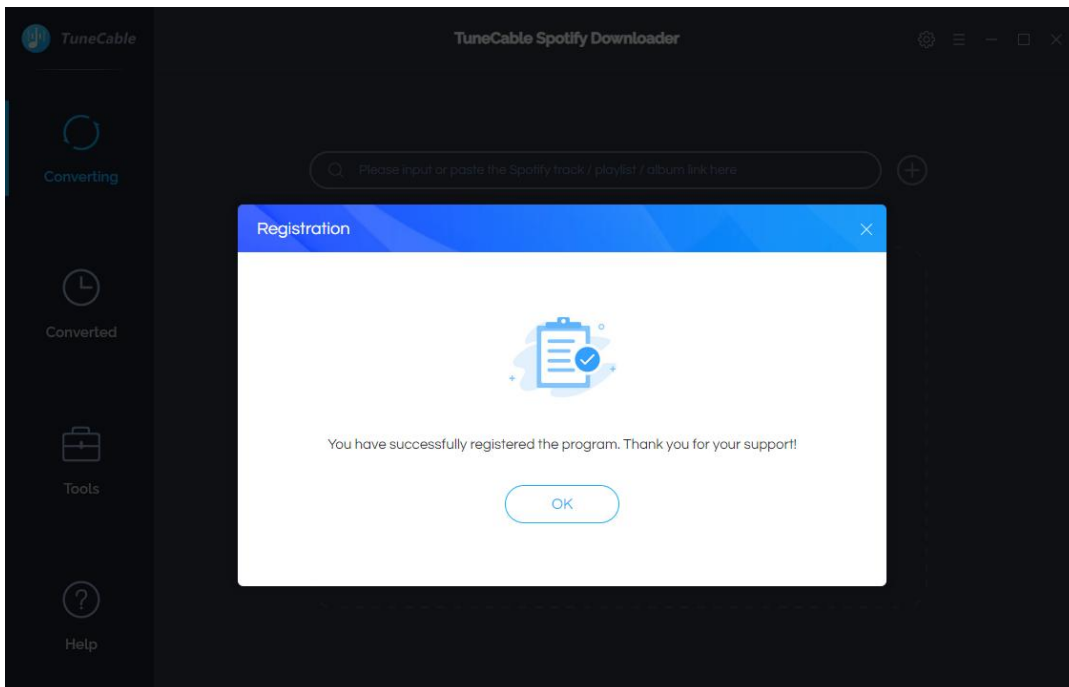

- You can convert Spotify songs without time limitations.
- You can enjoy lifetime FREE upgrades of the latest versions of TuneCable.
- You can enjoy FREE technical support.

Register TuneCable Spotify Downloader for Win

Step 1. Run TuneCable Spotify Downloader for Windows. You can directly click the  "Registration Key" icon or click the top-right "Menu" button and choose "Register" in the drop-down list, and you will get the registration window.

Step 2. Copy and paste the registration Email and Code into the registration popup dialog.

Note: The registration info is case-sensitive. And, please do not add a blank at the beginning or the end of the word. Make sure both the Email address and key code are the same as what we provided in the confirmation email after purchasing the program. If not, an error message will pop up as below:

Registration ✕

Please enter your new license, [or buy a new one.](#)

E-Mail:

Code:

The registration information must be entered exactly as they appear in your confirmation email. Using the copy and paste method to enter the license is recommended.
